

5%

of ELIMEDICAL products purchased from our distributors

Sept 26 – Oct 26, 2022

will be **DONATED TO The Canadian Red Cross' disaster relief fund for the Atlantic provinces to assist their efforts following the devastation caused by Hurricane Fiona.**

In support of

**Canadian
Red Cross**

Hurricane Fiona made landfall on the morning of September 24, impacting five provinces. Many families and communities are facing the devastating impacts of torrential rain, strong winds and widespread flooding. Homes have been destroyed. Buildings and infrastructure have been damaged. Hundreds of thousands are experiencing power outages.

The Canadian Red Cross is working closely with governments, Indigenous leadership and local communities to provide emergency assistance. Teams of Canadian Red Cross are currently on the ground, providing support to people in Nova Scotia, Prince Edward Island, Newfoundland and Labrador, and Quebec.

Any sort of support will help deliver urgent relief, and support recovery, resiliency and risk reduction efforts in the difficult weeks and months to come.

The Government of Canada will match donations made to the Hurricane Fiona in Canada Appeal by Canadians and corporations up to October 23, 2022.

Elimedical would like to thank The Canadian Red Cross for all they are doing to provide assistance and relief to those effected by Hurricane Fiona. Elimedical thanks our customers, distributors, and associates for their continuous support.
